

Keep high-value tools secure and accessible.

FlipTop™

The Simplest Way to Keep High-Value Tools Secure and Accessible

Improve the accessibility and security of expensive assets with this high-security storage solution with up to 1,782 bins.

Features & Benefits

- Available with up to 1,782 bins to accommodate thousands of SKUs
- Bins with the same item open at the same time, cutting replenishment time in half
- Highly configurable, with 14 available drawer layouts
- Secure to the bin level
- Leverages existing CribMaster software platforms to track items
- Up to 3 auxiliary units can connect to the main
- 95% of drawers are usable space to maximize the footprint
- AutoLock™ feature automatically re-locks bins when the drawer closes
- Includes UPS (Uninterruptable Power Source) to allow unit to continue operating for a short period of time in the event of a power outage

Software Features

- Restrict item access by user, item, and UDF (user defined fields)
- Manage inventory in real-time with notifications and alerts
- Eliminate unreported stock outs and machine down-time
- Run analysis and reports to optimize suppliers and product mix
- Vend reworked items before new items
- Address Lean & Six Sigma requirement

Suggested Inventory Items

Small, expensive items such as:

- Carbide cutting tools
- Drill bits
- Small unpowered electronics
- Thumbdrives
- Welding supplies
- Batteries

*Recommended weight capacity per drawer is 110 lbs (50 kg)

**See FlipTop Configuration Guide for available configuration options.
